Glendale Police to Host Shred Event. The Glendale Police Department is teaming up with the Target Corporation Saturday, April 17, 2010 for the city's "Shred It and Forget It" event. This free "drive-thru" event is designed to promote public awareness about identity theft and fraud prevention. According to the Federal Trade Commission, identity theft impacts at least 9 million people each year. Shredding documents, instead of throwing them in the garbage, is an essential tool in combating identity theft.

Community members are invited to bring their unwanted personal documents to be shredded securely on site, free of charge. Law Enforcement staff will be on hand to assist residents with the shredding of up to three boxes (banker-size) of personal documents at no charge from 9 a.m. until noon (or until the trucks get full) at the Target Store located at 10404 North 43rd Avenue.

Crime Prevention Specialists from the Glendale Police Department will be available to answer questions throughout the event. Event participation is on a first-come, first-served basis. For more information, call (623) 930-2571.

Glendale Seeks Input on Fair Housing Concerns. As a recipient of federal funds, Glendale works with our non-profit partners to educate and address identified fair housing issues in the city. Glendale announces a new survey called the “Analysis of Impediments Study” that is available on-line.

The city encourages the public to provide input on any impediments or any barriers that are experienced, which could affect their rights to fair housing choice. Impediments to fair housing choice are defined as any actions, omissions, or decisions that restrict, or have the effect of restricting, the availability of housing choices, based on race, color, religion, sex, disability, familial status, or national origin.

Glendale is committed to fair housing practices and wants to ensure it is doing all that it can to eliminate barriers to fair housing. The “Analysis of Impediments Study,” will be available until April 30, 2010. [Click here](#) and scroll down to “Your Input Requested for the Analysis of Impediments Study” under “News and Events.” Please be aware that you will be linked to a new website to complete the survey.
